PLEASE TAKE NOTICE that at the above-captioned time and date or as soon thereafter as the matter may be heard in Courtroom 13A of the above-entitled Court, located at 333 West Broadway, San Diego, California, 92101, Defendants/Counterclaimants will and hereby do move this Court to strike portions of Largan's Opening Expert Reports of Dr. Julie Bentley and Brian Napper. The instant motion is based upon the Memorandum of Points and Authorities in Support of Samsung's Motion to Strike Portions of Largan's Opening Expert Reports, the Civil Local Rules and Patent Local Rules of the United States District Court for the Southern District of California, the files and records in this action, and any and all other materials submitted to the Court on or before the time of its decision in this matter.

On July 9, Samsung identified the above issues to Largan via letter. The parties met and conferred on July 15 regarding these issues and the alleged deficiencies in Samsung's opening expert reports. Samsung proposed that rather than raise any issues to the Court piecemeal the parties should agree to a schedule for challenging all expert related issues, including those arising in rebuttal reports and expert depositions at the same time. However, without responding to Samsung's proposal, Largan filed its challenge to Samsung's expert reports (Dkt. 158). So that the Court can hear all issues regarding opening expert reports at the same time, Samsung now files its motion.

DATED: July 30, 2015

Respectfully submitted,

/s/ *David W. Higer*
